12-WEEK CAREER PROGRAM

Flutter Mobile Developer Training

Master Dart & Flutter, build cross-platform apps for Android & iOS, and launch your mobile dev career.

12

Weeks of Training

60+

Hours of Hands-On Code

4

MNC Expert Seminars

12

Company Interviews

Certificate

Flutter Mobile Developer

Portfolio

GitHub + Published Apps

Career

Mobile Dev / Junior Dev

Internship

6-Month Opportunity

Why Students Choose This Program

Because one framework to rule both Android & iOS is the future.

- ✓ 100% Practical — Build real cross-platform apps from Day 1
- ✓ MNC Expert Sessions — Learn from senior mobile engineers
- ✓ Guaranteed Interviews — 12 slots with hiring tech companies
- ✓ Internship Pathway — Top performers get 6-month paid internship
- ✓ Portfolio Ready — Graduate with 3+ published apps on GitHub

Technologies You'll Master

Dart

Flutter

Firebase

REST APIs

SQLite

Bloc/Riverpod

Git / GitHub

Play Store

App Store

Figma to Flutter

Hive DB

CI/CD

"Published my first app on Play Store within 10 weeks!"
— Sneha D.

"The Firebase & state mgmt modules were game-changers."
— Arjun K.

"From zero Dart knowledge to cross-platform apps in 12 wks."
— Meera R.

FREQUENTLY ASKED QUESTIONS

Do I need prior coding experience?

Basic computer knowledge is enough. Week 1 covers Dart from scratch.

What if I miss a class?

All sessions are recorded. Lifetime access to recordings & materials.

Is the internship guaranteed?

Top performers get a 6-month paid internship at Skill Shiksha.

What's the class schedule?

Weekend & weekday evening batches. 2-3 hours per session.
